MEDICAL FITNESS

No member may take part in any aqua-lung or open-water activity without holding a current BS-AC
Certificate of fitness.

TRAINING

The BS-AC Training Programme is followed in DIVE CLUB 854. This comprehensive programme of
instruction leads to the Club / Sports Diver qualification and further programmes take the qualified diver
to higher diving grades should the member wishes to do so. Details of the training and qualifications
achieved are recorded in the member's own Qualification Record Book.

Dive Club 854 has a safety record second to none and all training is designed to ensure the safety of
members and to maintain this record.
